

Workshop Guide

Prices 2009

Ae

All prices are only a guideline and can vary depending on the age, condition and type of bike. We will always happily give you an approximate quote for any job not listed below. All parts are charged separately.

Standard Service £45

- . Frame and forks wiped down and checked for damage or problems
- . Headset checked and adjusted where required
- . Bottom bracket checked for wear and adjusted where required
- . Allen bolts and screws checked and tightened to correct torque
- . External adjustment of bearings
- . Lubrication of chain, mechs and cables
- . Adjustment of gears and brakes
- . Wheel hubs, rims and spokes checked for damage and wear
- . Inspect tyres for wear and inflate to correct pressures
- . Brakes checked for wear and correct operation
- . Road test and safety check

Full Service £80

Our full service brings your pride and joy back to how it worked when it was new.

- . Bike stripped, then cleaned, inspected and checked for alignment and damage
- . Hubs stripped down, cleaned, degreased then rebuilt with fresh grease
- . Bottom bracket removed, cleaned and inspected then rebuilt with fresh grease
- . Headset removed, cleaned, inspected then rebuilt with fresh grease
- . All other fittings removed, checked for wear, cleaned and rebuilt with fresh grease
- . Brake pads checked and replaced if required
- . Safety check and road test
- . Chain cleaned and lubricated, gears set up and adjusted

Any worn or damaged parts will be replaced with your authorisation. We will not replace parts without first asking your permission and estimating the cost.

Suspension Servicing

Fork and Rear suspension charged according to work needed and can only be priced after full inspection. This may include a charge from an external agent.

Wheel Building

Our fully trained mechanics can hand-build any wheel you like. You can choose the hub, the rim and even the spokes. Standard prices are below, but may vary for specialist wheels.

- . Standard (with purchase of new hub and rim) £40 per wheel
- . Tubeless or BMX (with purchase of new hub and rim) £45 per wheel

Includes labour, stainless steel double butted spokes, brass nipples as well as true and tension. NB We don't charge extra for removal and fitting of wheel to bikes.

Optional Extras

- . Black Spokes £9 / Wheel
- . Alloy Nipples £9 / Wheel
- . Remove old spokes (used wheel rebuilds) £9 / Wheel
